EXPERIENCE

Biomed Informatics Medwin Hospitals, Hyderabad — *Drug Safety Associate*

Jan 2021 – Dec 2021

Biomed Informatics Medwin Hospitals, Hyderabad — *Drug Safety Associate, Intern*

Oct 2020 – Dec 2020

EDUCATION

BioMed Informatics Medwin Hospitals, Hyderabad — *Advanced P.G. Diploma in Clinical Research and Pharmacovigilance*

Jun 2020 - Sep 2020

Sathyabama University, Chennai — *B.E. in Biotechnology*

2015 - 2020, Secured 70%

Sri Chaitanya Co-Ed Jr.College, Vijayawada — *BiPC*

2012 - 2014, Secured 81%

PROJECT

Genome Sequencing and Analysis of Ray Fish using Illumina Nextseq500 Platform

LANGUAGES

English, Telugu, Hindi

PHARMACOVIGILANCE SKILLS

Certified in Pharmacovigilance and Oracle Argus Safety

Managing Individual Case Safety Reports (ICSRs) and initial case entries

Duplicate searching in the database before book-in and case creation / initial data entry in Argus

Coding adverse events using MedDRA and WHO Drug dictionary

Determining regulatory reporting requirements based on assessment of seriousness and labeling of selected event terms

TECHNICAL SKILLS

Coding: Python Automation and Web Design

System Administration: Open Source Software; Linux

Programming Languages: HTML5, CSS3, Python, JavaScript

PERSONAL STRENGTHS

Accuracy and Precision
Excellent information input and output skills

Data Interpretation
Good interpretation skills.
Accurate data information reproduction

Communication Skills
Adept at business, technical and conversational English. Can be a team member, or lead a team
